Objective

Highly motivated software developer with strong expertise in Java, backend development, and system design, skilled in developing scalable and efficient applications using modern technologies and best practices. Passionate about solving complex problems, optimizing performance, and continuously learning to contribute effectively to innovative and high-impact software solutions. Seeking an opportunity to contribute to real-world applications and grow as a software developer.

Projects

* AI-powered Smart Ambulance Tracking System *

Java, Spring Boot, Microservices, Google Maps API

- Developed a real-time ambulance dispatch system to track and manage emergency vehicles.
- Integrated GPS and Google Maps API for live location tracking and route optimization.
- Implemented nearest ambulance allocation to reduce emergency response time.
- Designed traffic clearance module to simulate green corridor for faster movement.
- Built hospital coordination feature to check bed availability in real-time.
- Created admin dashboard for monitoring ambulance status, routes, and reports.
- Improved system efficiency using RESTful APIs and microservices architecture.

* CodeHire AI: Smart Resume Analyzer *

Java, Spring Boot, MySQL, NLP API

- Developed an AI-based resume analyzer to evaluate candidate profiles.
- Implemented keyword extraction to match resumes with job descriptions.
- Built job recommendation engine based on skills and experience.
- Designed ATS score system to analyze resume quality and optimization.
- Created user dashboard for uploading resumes and viewing analysis results.
- Developed admin panel to manage job listings and user data.
- Enhanced system accuracy using basic NLP techniques and filtering logic.

Technical Skills

Frontend: HTML, CSS, JavaScript, Bootstrap, Tailwind CSS, jQuery, AJAX

Backend: Core Java, OOP, Data Structures, JDBC, Servlets, JSP, Spring Boot, Hibernate, JPA, REST APIs, Microservices

Database: MySQL, PostgreSQL

Tools: Git, GitHub, Postman, Eclipse, STS, MySQL Workbench

Education

Master Of Computer Application ,Pratibha Institute Of Buisness Management , Chinchwad Pune	2024 – 2026
Bachelor of Computer Application , PROF.Ramkrushn More College , Akurdi Pune	2021 – 2024
Higher Secondary (12th) , Camp Education Nigdi , Pune	2019 – 2021
Secondary School (10th) , Kanya Vidyalay Dehu , Pune	2018 – 2019

Certifications

- Software Developer Intern Certification – At Skylark , Madhushri Foundation
- Java Full Stack Certification – Java By Kiran Academy
- ADBMS Certification – MKCL ERA
- Foundation of Digital, Social Media Marketing Certification – MKCL ERA

Soft Skills

- Problem Solving & Analytical Thinking
- Effective Communication (Technical & Non-Technical)
- Team Collaboration & Agile Mindset
- Time Management & Prioritization
- Adaptability & Continuous Learning
- Attention to Detail
- Debugging & Troubleshooting
